

FF-257 Skytraders Airline - Australia

Skytraders, formed in 1979, pioneered the transport of fresh beef without refrigeration using its unique "Skybox." In a joint venture with QUANTAS, the airline operates a nightly, express service from Sydney to Auckland. In 2002 the airline was awarded a long-term contract by the Australian Government for the provision of Antarctic air services. It also transports illegal immigrants from the mainland to Nauru.
