

FF-266 Aeronautica Civil - Colombia

Aeronautica Civil (Civil Aviation Authority) is a Government Agency of the Ministry of Transport, charged with the regulation of civil aviation in Colombia. Its role includes the supervision and inspection of airport services and aviation support.

CMCO Note: In normal operations this involves a functional check on ILS facilities. In this PT Mission, ILS landings provide realism but are not mandatory for pilots. Landing at the required airport is sufficient.

Cessna C208

Beechcraft Super KingAir

Aircraft Cessna 208, Beechcraft Super KingAir (Or any appropriate aircraft)
