

FF-231 Airlines operating “Combi” aircraft.

Original Combi aircraft were used to carry both cargo and passengers with a moveable partition placed in the passenger cabin. Current regulations prohibit a moveable partition and demand a fixed, heavy item. This has ruled out the original Combi use on economic grounds. Airlines using the original Combi design are flown in this mission.

Braniff International 1968 Boeing 722-100QC Continental Micronesia Boeing B727-100

Northwest Airlines 757

Cargo Flights

1. Depart New York, KJFK - Landing at Washington, KDCA -Nashville, KBNA - Dallas Love, KDAL. 1211 nm.
2. Depart Guam,PGUM. Landing at Pohnpei Int, PTPN - Bucholz AAF-(Kwajalein) - Johnston Atoll, JON - .Honolulu, PHNL. 3583 nm.
3. Depart New York, KJFK. Land at Chicago O’Hare, KORD - Seattle, KSEA- Anchorage, PANC. 3383

nm.

NOTAMS:

Total 8179 nm.
